

EXPECT AT LEAST \$7,000 REVENUE

City Administration Looks for Large Sum in License Fee Provided in New Ordinance.

ONE DEALER MAKES A PROTEST

Max Kahn Says Wholesale Liquor Measure is Unjust and Council Will Hear From All This Week.

It is estimated that the proposed new Rock Island ordinance regulating the wholesale liquor dealers will mean at least \$7,000 additional revenue per year for the city. With a license fee of \$25 per year and with an influx of wholesale liquor houses from Iowa continuing as it has in the last few months it is possible that the revenue will be larger than this sum.

Max Kahn, who conducts a wholesale liquor house at Seventeenth street and Seventh avenue, appeared before the council today at an informal meeting and voiced his protest against the passage of the proposed ordinance. He said that it was unnecessary and that the wholesale liquor dealers could not afford to pay it. He said there was but little money in the business at the moment.

The council decided to hear from all of the wholesale liquor dealers who wish to express themselves on the matter, and a date for another informal meeting to be held some time next week will be set.

LUNG MOTOR USED BEFORE DOCTORS

City Health Physician Displays Life Saving Device at Meeting and Explains Its Merits.

Members of the Rock Island County Medical Society were invited to an interesting discussion of the use of the lung motor in their meeting last night at the New Harbor by Dr. C. T. Foster, city health physician. The lung motor, recently purchased by the city, to be kept at Dr. Foster's office, subject to call by any physician in the city at any time, was used by Dr. Foster upon a subject. He explained its various uses in resuscitating people from drowning, gas asphyxiation, resuscitating new born babies, especially in connection with the weighty sleep treatment, and its uses in other or chloroform, and its advantages over the pulmonary.

Dr. W. B. Henderson of Davenport read an interesting paper on "Syphilis of the Heart and Aorta," and Dr. Ralph Hart of Rock Island spoke on "Interesting Facts in Ancient Therapeutics." The society conferred a vote of thanks to the city council for the use of the lung motor and to the speakers for the efforts in planning the program. Forty members attended the meeting and a dinner was served at 4:30.

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well known authority, who warns us to be constantly on guard against kidney trouble. The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead and you have stinging pains in the back or the urine is cloudy, full of sediment or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will not feel fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia and has been used for generations to flush and stimulate clogged kidneys to neutralize the acids in the urine so it is no longer a source of irritation thus ending urinary and bladder disorders. Jad Salts is inexpensive and can cure; makes a delightful effervescent lithia water drink and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

voted to accept an amendment in the by-laws providing that any physician be entitled to membership who has practiced within the jurisdiction of the society for more than a year.

Thursday night at the Rock Island club the Iowa and Illinois District Medical association will hold its regular meeting. A dinner will be served at 6:30 in honor of Dr. C. A. Hamann of Cleveland, Ohio, who is to be the principal speaker of the evening. Dr. Hamann was born in Davenport and for years has been professor of surgery in Western Reserve university.

The following program will be given: "The Obstetric Forceps"—W. L. Allen, Davenport. "Dementia Precox"—W. A. Crooks, Rock Island. "Some Observations on the Surgery of the Bile Passages and Liver"—C. A. Hamann, Cleveland, Ohio.

VETERANS' SONS ENJOY CAMPFIRE

Members of Patriotic Organization in Moline Hold First Meeting in the Turner Hall.

Moline Sons of Veterans held a large and enthusiastic campfire last evening in Turner hall, where hereafter all meetings of the Moline camp will be held on the third Tuesday of each month. A splendid program had been arranged for the occasion and substantial refreshments were served. An interesting feature of the evening was a talk by R. W. Wolever on his trip to the national G. A. R. encampment in Washington, D. C. After Mr. Wolever's speech Mr. Murphy of local Valley sang several humorous songs and then Rev. R. S. Haney gave a patriotic address, which stirred his audience. Clarence Trevor entertained with several songs. Elmer E. Morgan presided as toastmaster.

This was the first meeting held in Turner hall and every member was well pleased with the new meeting place.

DETECTIVE IS GIVEN CHECK FOR CAPTURE

Detective Thomas Cox today received a check for \$200 as reward offered by a bank detective agency for the arrest and conviction of the two men who robbed the North Liberty, Iowa, bank several months ago. It will be recalled that the local detective practically single-handed apprehended the two. They plead guilty after the police here secured a confession. They were sentenced in Iowa to the state penitentiary.

would revert to her. She also is said to have been pledged efficient help in obtaining the whole of Macedonia, including the so-called disputed part of Uebur and the coast region along the Aegean Sea to the Struma, as well as part of Dobruja.

Bulgaria ordered the mobilization of her army on Sept. 21. On Oct. 2, Russia sent an ultimatum to Bulgaria demanding that she break with the central powers within 24 hours, but the Russian demands were rejected and three days later diplomatic relations between Bulgaria and the powers arrayed with the quadruple entente were severed. The same day Bulgaria sent an ultimatum to Serbia regarding Macedonia, and on Oct. 8 issued a manifesto announcing her decision to enter the war on the side of the central powers. Bulgarian troops actually invaded Serbia about 24 hours before war was declared.

England Hears of Declaration.

London, Oct. 13, (noon).—The issue between Bulgaria and Serbia apparently has been joined securely. It is reported unofficially that Bulgaria has declared war. Little is known here of the progress of hostilities between these combatants beyond the fact that Bulgaria has invaded Serbia and is said to have suffered reverses in the opening engagements. In northern Serbia the Austro-German invaders are meeting with stubborn resistance.

The report from Petrograd yesterday of an important Russian success in Galicia has been confirmed officially. General Ivanoff has broken the Austro-German front along the Strips, taking 2,000 prisoners and a number of guns. If the Russian victory is as definite as is indicated by the official announcement, the Austrians may be compelled to fall back on Lemberg. Such a retreat would be certain to have considerable moral effect in the Balkans, where the continued neutrality of several states is believed to be due largely to the severe reverses suffered by Russia during the summer campaign. In the Dvinsk region desperate but indecisive fighting continues, with the offensive shifting frequently from one side to the other. Field Marshal von Hindenburg evidently intends to continue his attack, as it is reported that reinforcements for his army are on the way to the Dvinsk front.

Holding Offensive.

From the western front come reports bearing evidence that the French are resuming the offensive in the Champagne. Paris claims slow but steady progress, accompanied by the capture of a few prisoners and heavy losses for the Germans. A German correspondent at the front states that a great fight in which all arms seems to be engaged, is now proceeding in the Champagne, which is regarded as an indication that the French intend to resume the offensive.

Beyond the announcement made by Premier Viviani in the French chamber, little has yet developed as to the extent of aid to be given by the entente powers to Serbia in resisting the

Austro-German effort to clear the road to Constantinople. It is reported unofficially, however, that Italy is not able to spare any troops for this purpose.

Greece to Aid Serbia

Paris, Oct. 13, (5:00 a. m.).—"What will Greece do now?" is a question which is being asked on all sides here. Her treaty with Serbia expressly stipulates that if one of the contracting parties already engaged in war against a third power is attacked by Bulgaria as well, the allied general staffs of Greece and Serbia must consult with a view of immediate action.

The next step, therefore, it is maintained here, would rest with the Greek general staff, whose chief is King Constantine. That the king will consent

to depart from the policy of armed neutrality is doubted here, although Bulgaria has launched an army of 80,000 men against Serbia.

Considerable dissatisfaction is expressed by French editorial writers with the general handling of the Balkan situation. Stephen Pichon asks to what extent Russia will help, or whether France and Great Britain must stand virtually alone in going to

the aid of Serbia although Russia's interests in the Balkans are greater than those of France and Italy. He affirms also that the statement of Premier Viviani with reference to the Balkan situation is not satisfactorily explicit to satisfy reference to the Balkan situation. He maintains that the statement does not explain the failure of negotiations with Rumania or the triumph of "Bulgarian duplicity."

Treaty Does Not Hold.

The Athens correspondent of the Matin says he has learned from a diplomatic source that the Serbian government, having raised at Athens the question of Greece being called on to give her support under the terms of the treaty of alliance, the Greek government replied that the aggressive

actions of Bulgaria had not a purely Balkan character and therefore did not

come within the provisions of the Greco-Serbian treaty.
